

## Preparing for Your Visit & Farm Policies

Thank you for registering for a visit to Howe Ranch — we look forward to hosting you! Please review the following **safety guidelines and farm policies** carefully, and **confirm that you have read and shared them with your group**. These experiences are only possible with the full support and cooperation of our guests.

### Arrival Guidelines

- **PRIVATE ROAD LAWS:** Stopping or staging on the private farm road is prohibited. **Strict 15 MPH speed limit** on the monitored, unpaved street leading to Howe Ranch — **speeding will result in loss of your visit**.

## Howe Ranch Designated Access Route

## Arrival Notice

- Designated route only
- Leslie St & Highland St: 15 mph (private roads)
- Neighborhood road use is monitored. Speeding guests cannot be hosted.

- **EARLY ARRIVALS STRICTLY PROHIBITED:** Guests must not arrive before the visit start time. **Entry is strictly prohibited before your scheduled time slot.** Early arrivals disrupt operations, **compromise safety while moving animals**, and will not be accommodated.
- Please arrive on time or after your start time. You will not miss anything by arriving after your scheduled time.
- **ARRIVAL:** Turn left at the WELCOME sign, pass through the gate, and follow signage.

### **Animal Interactions & Safety**

- **NO DOGS:** For the safety of our animals and guests, our farm cannot accommodate dogs.
- **SAFETY:** Wear sunscreen, a hat, and closed-toed shoes. Important: Bring water for hydration.
- **SUPERVISED ONLY:** For your safety and the safety of our animals, please do not approach any animals until staff has reviewed safety guidelines with you and is present. Children must remain supervised by your group at all times.

### **Transferable Only — No Refunds or Reschedules**

Experiences (open farm day passes/private experiences) are transferable, but not refundable, and cannot be rescheduled, because your experience is unavailable to others and resources are assigned to your booking the moment you register. As our focus is on animal care and our resources are perpetually at capacity, we are unable to accommodate changes —requests for exceptions cannot be answered. If you transfer your experience, we must receive the guest's name **via email** prior to arrival.
