

## BARTENDING & SECURITY SERVICE

At our venue, we prioritize creating a family-focused environment, which is why we only permit a limited number of events with alcohol service each year.

Our event spaces are designed for daytime use to conclude no later than 8:00 P.M., and we do not host drinking parties. Given that we are on an animal farm on a hill with uneven ground and have a large pool, the safety of all guests, including children, is our top priority. Therefore, we expect all adults to remain alert and attentive to their kids at all times during events.

Please note that Venue Management will carefully assess the risk associated with alcohol service, particularly regarding hard liquor/cocktail service versus beer and wine service for each event, and only permit a few events annually that include alcohol service. Our decisions will always prioritize the safety and well-being of all attendees.

Thank you for your understanding and cooperation.

### Bartending Service

- For up to 50 guests, service of up to 3 drinks at the bar including beer/wine/cocktail/champagne/non-alcoholic pour: \$75/hr with a minimum of 4 hrs
- If 50-70 guests consuming the company needs to coordinate two staff members, this increases cost to \$100/hr, if 70-90 consuming \$120/hr, which is the max capacity for alcohol service.
- If you select cocktail(s) as part of your menu that are not on the website add \$50 per cocktail.
- If you select more than 3 drinks total, including beer/wine/water/champagne, the charge per extra drink poured is \$50 extra.
- Note: Venue Management will assess event risk re: hard liquor service vs. beer/wine service.
